COMMITMENT TO WATER STEWARDSHIP

I commit to supporting the site's pursuit of responsible water stewardship. I will support the site's efforts to achieve the outcomes of water stewardship, namely good water governance, sustainable water balance, good water quality and healthy important water-related areas. I will respect the right of workers on-site to have access to safe water, adequate sanitation and hygiene.

I commit that the site will attempt to engage stakeholders throughout its efforts in an open and transparent manner and that the site will comply with all legal and regulatory requirements as well as respect legal and water-related rights and relevant water-related national and international treaties.

I will coordinate with and support public-sector agencies in their efforts to encourage water-related planning and implement water-related policies. I will support the site's efforts to continually improve and adapt its water stewardship actions and plans and ensure that there is sufficient organizational capacity to successfully implement the AWS Standard.

Lastly, I commit to disclosing material water-related information to all relevant audiences in an appropriate format.
